

## How to send an email message that is converted to a text message

Sometimes you may want to send text messages out as emails. This is more likely to be to individual people, or if you choose to store your text database as emails in e.g. Outlook or ACT rather than in e-txt.

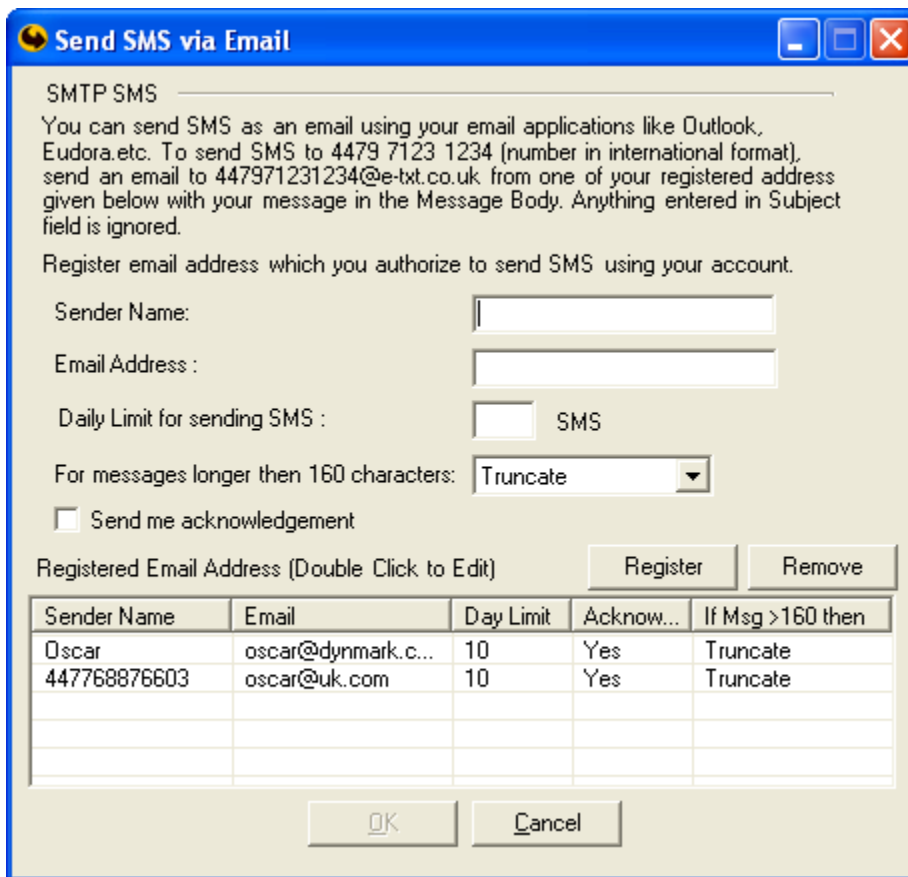

1. Open e-txt™ by clicking on the  icon on your desktop or selecting **Start-> Programs-> e-txt -> e-txt**
2. Ensure that the **SMS Messages** toolbar is displayed by having a messaging folder selected in the **Main Navigation Tree** (If a **Contacts** folder is selected the Main Toolbar changes dynamically to the **Contacts Toolbar**).

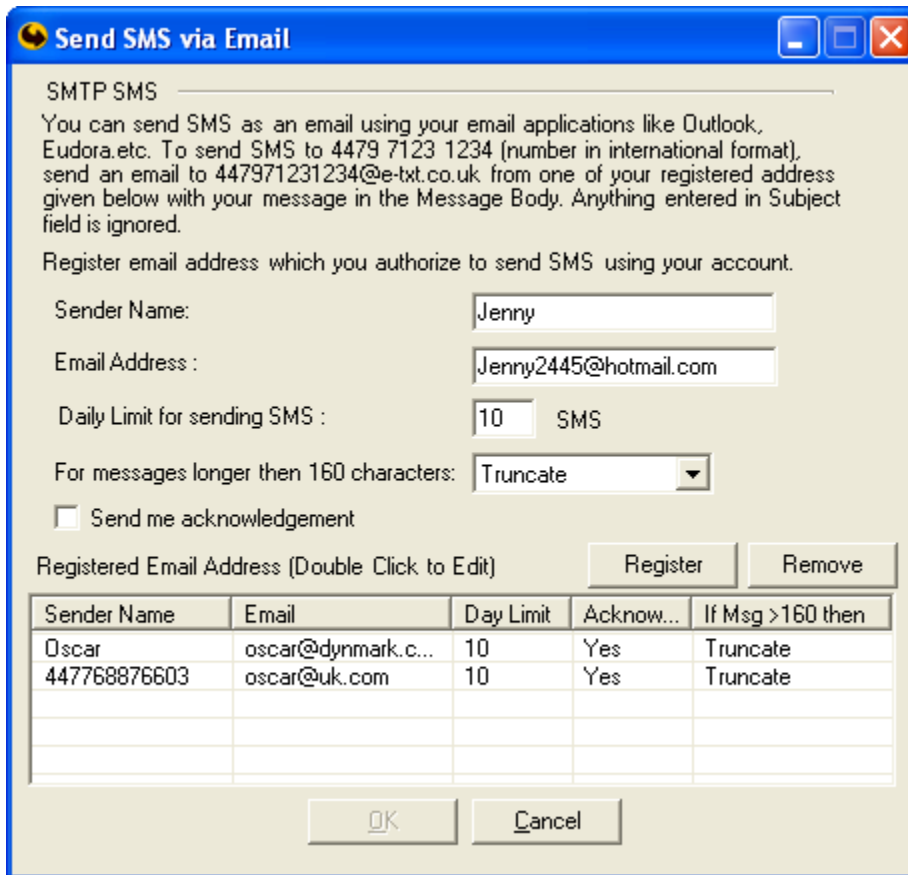

3. Click on **Tools -> SMS Via Email** as shown below:

4. You will see the Send SMS via Email window

5. Enter the Sender Name & Email Address from which you will send your texts. You must also specify as a security measure the maximum texts per day that can be sent from the account.

**Send SMS via Email**

**SMTP SMS**

You can send SMS as an email using your email applications like Outlook, Eudora.etc. To send SMS to 4479 7123 1234 (number in international format), send an email to 447971231234@e-txt.co.uk from one of your registered address given below with your message in the Message Body. Anything entered in Subject field is ignored.

Register email address which you authorize to send SMS using your account.

Sender Name:

Email Address :

Daily Limit for sending SMS :  SMS

For messages longer then 160 characters:

☐ Send me acknowledgement

Registered Email Address (Double Click to Edit) Register Remove

Sender Name	Email	Day Limit	Acknow...	If Msg >160 then
Oscar	oscar@dynmark.c...	10	Yes	Truncate
447768876603	oscar@uk.com	10	Yes	Truncate

OK Cancel

6. If you want to get an emailed acknowledgment of the success or otherwise of the text send, tick the 'send me acknowledgement' box.
